A DISSENTING OPINION.
Some day this world will be serene,
The skies will not find
A thing on all this earth so green
To sicken the mind.

The taxes will be right and just,
With nothing out of joint.
The friends whom you esteem and trust
Will never disappoint.

The cars will always run on time,
The climate will be bright,
And all the good will be a chance
To adjust the right.

But as for me, I deeply doubt
The bliss of such a state,
With nothing left to talk about—
"T would be a lonely fate."

AN EQUATION IN—

Blankets!

It's an equation between Blankets and prices that has no unknown quantities in it. The quality of the Blankets are known and commended by dozens of women. The range of prices is elastic enough to meet all requirements. The equation simply expresses the fact that for a given price there's a most generous equivalent in excellent Blankets.

We have a fair Blanket for 50c, it's the best possible for the price. A better one for 85c. A further advance in quality for \$1.25. Then comes the \$2 grade and thus by easy stages we gradually reach the luxurious \$5 Blankets. Take our \$5 Blanket—take our \$5 Blanket. A five dollar bill looks very insignificant when placed by the side of it. And rightly, for our \$5 Blanket is a 5-pound, genuine California 7% blanket. It belongs to the "just in" class of Fall things and we have made it a great leader. You can't find a blanket that compares to it at the price.

Outing Flannel Gowns!

Nights are getting chilly. Have you thought of the Outing Flannel Gown? It's a great cold preventer. Gives the snugest sort of comfort. New styles and patterns. Braid or lace trimmings. 75c \$1.

Walking Skirts!

For average Maysville winter weather conditions the Walking Skirt is indispensable. Some new arrivals in our stock. \$5 buys a pretty Skirt. \$5.75 buys a prettier Skirt. \$6.50 buys the prettiest Skirt.

Waists!

Go with tailor-made suits and this winter will be more worn than ever. French fashions still rank high in favor. They are soft and clinging, back and strap effectively and sell here so moderately—50c a yard.

The New P. N.'s!

Never so varied a collection. Materials are dainty, trimmings exquisite, shapes, while clinging to the universally popular straight front, show some marked improvements. A dozen different kinds of P. N. at two prices—\$1.50. Do you know we have the best 50c Corset of our fifty years storekeeping?

Umbrellas!

The wise ones look ahead. Should you have no pressing need for an umbrella today you will have before long. Buy now an umbrella for men and women. The wedding was scheduled for last Wednesday.

On Monday young Dunham set out to celebrate his coming happiness, and he took a drink of Cincinnati whisky, and then he took another, and soon after he took others, until he had accumulated a magnificent jag.

Then he called on his darling and asked a postponement of the wedding. She could not recall the invitations nor could she hold the affair off.

So then and there she dismissed Everett and his jag and canceled the engagement.

MINING TROUBLES.

Battle Between the Strikers and Guards at Providence Mines Near Madisonville, Ky.

THE FIGHT RAGED FOR OVER AN HOUR

One Man Was Shot and Killed, Another One Fatally and Three Seriously Wounded.

A Well Directed Fire Was Poured Into the Houses Occupied by the Non-Union Employees and Their Families.

Madisonville, Ky., Nov. 18.—Mining troubles in this district brought blood shed Sunday morning. Jas. H. Smith, a Negro striker, is dead; Geo. Crouch another striker, is fatally wounded; while John West, Herb. Sawyer, and Nathan Bush, all guards, are wounded none of them dangerously. The trouble occurred at the mines of the Providence Coal Co., 17 miles from town, where an attack began at about 4:30 o'clock. The attacking party, some 70 or 80 strong, first fired on the engine house and then in a few minutes the company's stables were surrounded. A horse and a mule were killed and several other animals disabled. By this time the guards were coming to the aid of the strikers and the attack moved on to the houses of the non-union employees. From there they poured a well directed fire upon the houses occupied by the non-union employees and their families. Men aroused by the crash of bullets rushed to small timber piles, arranged for use in such an emergency, and from behind these returned the fire.

Kept Up a Steady Fire. The attacking party, while sending volley after volley into the houses, kept up a steady fire on the tiplet, engine room, stable and other buildings of the company while the guards, for their part, were doing effective work. The battle raged for almost an hour and a half when the assaults withered, leaving Smith dead and Crouch shot through and through the field. How many wounded they took with them is not known, but the leader was seen to fall and it is believed some of the party who went to his rescue were hit.

County Judge Hall, at Providence started an investigation. An inquest was held, the coroner's jury reported that the Negro came to his death at the hands of the guards, while defending life and property, and they were therefore justified. The news of the shooting spread like wildfire. It was not long before the news reached Adj. Gen. Murray, who at once commenced an investigation, opening up communication with the guards. Following the battle at the Providence mine there were riots at other Kentucky mines. An attack was made on the mine guards at the Monroeville mines, three miles from Lexington Sunday night, but it was repulsed. Two employees of the St. Bernard Coal Co., at Morton's Gap, were fired upon by a man who sprang from behind a tree. There was much trouble at other places, but neither injury nor loss of life followed.

MILITIA ORDERED OUT.

The Madisonville and Hopkinsville Companies Are Now Doing Guard Duty.

Madisonville, Ky., Nov. 18.—Two companies of state troops have been ordered out. The Madisonville company is doing patrol duty in the out districts of town and the Hopkinsville company of the Kentucky state guard, under command of Capt. H. Thomas and Second Lieut. Robert D. Bellamy reached here at 11 o'clock Sunday night. There are but 30 of the men as orders reached Hopkinsville but a short while before train time. The company has an enlisted strength of 70 men and those who could not be found Sunday night will follow in the morning in command of First Lieut. Geo. W. Phelps. Maj. E. B. Bassett of the 34th regiment of Hopkinsville accompanied the troops. Adj. Gen. Murray was out in a statement Sunday night in which he declared he is determined that lawlessness shall be suppressed. A detail of 20 men started for the Providence mine.

Sunday night as the train having the troops aboard passed the Nortonville camp, located in the woods near the railroad, camp fires could be observed and the smoke was seen in the air. Several shots were fired, but not at the train.

At the Madisonville camp the strikers were active, a watchtower was placed on top of a coal tipple near Madisonville was thrown on the camp about 150 men were there handling their arms and walking about between their tents.

STILL A PRISONER.

Brigand Leaders Can Not Agree as to the Amount of Ransom for Miss Stone.

TIME IS BEING FRITTERED AWAY.

Every Day's Delay Imperils Her Life by Reason of the Exposure and Strain She is Undergoing.

The Abductors Have Not Yet Replied to the Latest Proposal of United States Consul Dickinson.

Sofia, Bulgaria, Nov. 18.—The brigands who abducted Miss Ellen M. Stone, the American missionary, and Mme. Talika, her companion, have not yet replied to the latest proposals of Mr. Dickinson, diplomatic agent of the United States in Sofia. This is due to the fact that the band has many lead ore and that the latter are unable to agree among themselves.

There is a general impression here that time is being frittered away while waiting for the brigands to reduce their demands. It is felt that the only means from which matters can be brought to a head is to inform them as to the amount available for ransom and to declare that this can not be increased for any consideration what ever. Such an ultimatum might endanger the life of Miss Stone, who is more probable that the brigands will accept this condition.

Besides every day's delay imperils her life, not so much on the score of the brigands themselves, but by reason of the exposure and strain she is undergoing.

It seems that a Dutch fishing boat belonging to Yaddon, while off Welling lightship, in the North sea, pretended to be in distress and approached a British smack. Thirteen fishermen from the Dutch boat boarded the British craft and attacked the crew of the latter, shouting, "Long live the Boers." Several of the Britishers were wounded.

HUNTING THE REMNANTS.

A Fleming County Man Meets a Serious Mishap at Newport.

David Lawson, a farmer from Plummer's Landing, Fleming county, was in Newport Saturday in search of his horse.

He proved to be one of the victims of a runaway accident on the Alexandria pike.

Lawson related a harrowing story at Police Headquarters.

He purchased a new buggy at Cincinnati Friday, paying \$75, and was en route home, when he came in contact with a runaway near the Two-mile House on the Alexandria pike. The wheels were torn off his buggy and he was pitched through a barbed wire fence, where, he states, he must have lain the greater portion of the night.

Saturday morning he found remnants of his rig strewn along the pike, and he pleaded with Chief Smith to aid him in recovering his horse, which, he stated, might be still running for all he knew.

The Paducah News-Democrat is responsible for this big turtle story. "Speaking of fresh-water turtles, there was a large one caught on part of the old dam at Smithland by the ferryman at that place. He measured 37½ feet long and 15 feet beam. The ferryman's old hand ferry-boat was getting rotten, so he took the top shell of the turtle, put rails around it and placed a floor on it, and now has the best float of its class on the river anywhere." Captain Will S. Hays flashes this one and beats The News-Democrat a block. "Captain Ben Cox baited a hook with a rat, tied the end of his line to a shanty-boat, tied the shanty-boat to a tree and went to bed. When he awoke next morning he was six miles above where he was tied up, and a catfish was pulling boat and tree up the river at the rate of twelve miles an hour."

THAT'S THE LEADER.

The Rev. T. DeWitt Talmage says: "A newspaper whose columns overflow with the atrocious and disgusting stories of men has more influence in a city or town than any other agency that can be employed. People who read there is business. Capital and labor will locate where there is enterprise. No power on earth is so strong to build up a town as newspapers well maintained and this power should be appreciated."

Digests what you Eat
Kodol Dyspepsia Cure

The agony you suffer after eating, that feeling of fullness, flatulence (wind on the stomach) and belching is caused by decay of undigested food which forms a gas that distends the walls of the stomach and exerts a pressure against all the internal organs. The eating of more food forces out part of this gas and causes belching. Just take a little Kodol Dyspepsia Cure. It will relieve you at once. It never fails to permanently cure the worst cases of indigestion and dyspepsia. "I suffered untold pains from indigestion which were always worse after eating. Two bottles of Kodol Dyspepsia Cure made me a well man and life now seems worth living. Peter Sherman, No. Stratford, N. H."
